101 Secrets Of The Freemasons: The Truth Behind The World's Most Mysterious Society

Synopsis

From the illustrious George Washington and the infamous J. Edgar Hoover to brilliant imaginer Walt Disney and bad boy of baseball Ty Cobb, Freemasons have influenced every aspect of American life. Yet this secret society remains as controversial and mysterious as ever. In this book, you'll learn the truth about: The power and meaning behind the symbols, rites, and rituals Alleged connections with Jack the Ripper, the KKK, and the Holy Grail Freemasons vs. the Nazis The centuries-long rivalry with the Catholic Church Freemasonry's growing influence here and abroad As the largest - and oldest - fraternal organization, the Freemasons will continue to shape the world we live in for the foreseeable future. With this tell-all guide, you'll unravel the mystery of this intriguing society - one secret at a time!

Customer Reviews

ANY Freemason is going to find this book an enjoyable read. Because of the hardcover and nice dust jacket, it's a suitable 'coffee table' book for any Brother. This book is an unbiased look at the "the world's most mysterious society". Nothing within this book will cause any Freemason any concern, and will benefit any reader wanting to understand the Mason's true goals and objectives. If you're not a Freemason but are interested in what the Brotherhood is REALLY all about, and want truthful and accurate information about the organization, then this book should be your FIRST such purchase and really is written for you. No idiotic 'conspiracy theories' (though, those lunacies are addressed, LOL), and even provides insight as to where a lot of the lunatic fringe rhetoric began. Won't reveal more, because if you've an interest in what Freemasonry is, and what it isn't, it's

simply worth your (very) hard-earned dollars to buy this book.

This book was purchased because I have always had an interest in the Freemasons and this book did not dissappoint. I found it very interesting and would highly recommend it to anyone who is into this sort of subject.

I enjoyed the book, but since I have been researching various facets of the material presented in this book for well over 30 years, nothing new, FOR ME, was discovered here. Nevertheless, still a fascinating read. And it still sits on my special bookshelf for special books. Arrived quickly and well packaged.

Written by a master, succinct, explicit, an eye-opener. I would definitely recommend for a beginner. Easy to read, as well.

A gift for my son-in-law who just wants to understand the Masons better. He has heard so many myths and wanted this book to put the movies and other books into perspective. A strange gift for a Catholic to give but it is better to understand the truths than to wonder what to believe from the silver screen.

As a new Mason, I found this book to be very informative. It helped to explain some of the fallacies and facts regarding the fraternity.

Great book! We bought it for my father in law, who is a mason, and he loved it!

good Insight into Freemasons Teaching They are not the teachings ,but to give those who are interested in Freemasonry an overview of what it is about . To help them to determine if Freemasonry is for them?
