The Jewel Ornament Of Liberation: The Wish-fulfilling Gem Of The Noble Teachings

Synopsis

This is not just a text for beginners, but one of the primary Kagyu texts and of immense relevance and benefit to all practitioners regardless of what stage they are at. In addition to providing a step-by-step outline of the path to Buddhahood, the teachings on the innate Buddha nature can provide students with the confidence to enter the path, while those already on the path can find in its twenty-one chapters much to inspire and keep them moving along the unmistakable path of liberation. Often texts such as this with their vast scope are in parts necessarily quite pithy. Therefore, to gain clear understanding it is traditional to receive thorough commentaries on these aspects. However, due to their great length detailed explanations are quite extensive and thus can be difficult to receive. Yet, here we have the great blessings of a complete commentary by the great contemporary Kagyu master Khenchen Thrangu Rinpoche in which he gives a detailed explanation of this text.
