# Don't Know Much About The Bible

## **Synopsis**

Bringing to life the world of the Old and New Testaments, the acclaimed creator of the bestselling *Don't Know Much About*® series transforms dry, difficult reading into colorful and realistic accounts. Relying on new research and improved translations, Kenneth C. Davis uncovers some amazing questions and contradictions about what the Bible really says: Jericho's walls may have tumbled down because the city lies on a fault line. Moses never parted the Red Sea. There was a Jesus, but he wasn't born on Christmas and he probably wasn't an only child. *Don't Know Much About*® the Bible entertains and astonishes, but more important, provides a much better understanding of the world's most-owned but least-understood anthology, with much more fun along the way.

## **Book Information**

Audible Audio Edition

Listening Length: 16 hours and 13 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Random House Audio

Audible.com Release Date: May 12, 2011

ASIN: B0050KEFF6

Best Sellers Rank: #384 in Books > History > Historical Study & Educational Resources > Reference #449 in Books > Reference > Encyclopedias & Subject Guides > History #672 in Books > Reference > Encyclopedias & Subject Guides > Religion

## **Customer Reviews**

Davis has written a superb work of commentary on the Hebrew Bible and the New Testament. It far surpasses the prosaic two volume work by the late Dr. Asimov which, in the main, paraphrases traditional commentary. Don't let the keen Davis sense of humor put you off. His sources, both popular and scholarly, nail down most every issue in keeping with what is known today in my opinion. Most of us in the Judeo-Christian tradition will find this book both useful and enlightening. Fundamentalists will wish to avoid it as it contains many corrections to opinions offered as fact by under-informed persons in past generations. Do get this book if you are frustrated with your reading of the Bible. If you are beginning to understand you cannot understand the Bible by simply reading the Bible, Davis' insights will be very useful to you. After all, Davis' research may prove to be more

valuable than direct revelation. For example, he provides a glossary that did not come with the original. His "Introduction" and "Whose Bible Is It Anyway?" is not to be skipped. Also, many Sunday School teachers in synagogue and church owe their classes the knowledge this book imparts. This is popular journalism of a very serious subject at its very best. Interestingly Davis does it all without footnotes or even chapter notes. It is very likely that he could have provided such. Both he and his editor decided in favor of ease of reading instead. Only the wonderful commentary on the "Hebrew Scriptures" by the late Rabbi Sandmel exceeds the insights offered in this book particularly for the Old Testament. However, that tremendous rabbinical scholar was writing to a somewhat different audience. The Introduction covers a number of matters not usually discussed in Sunday School.
