The Best Horror Of The Year Volume Eight

Synopsis

A town is held hostage by an unholy bargain made by some of the inhabitants; a party game on Halloween brings back memories better left forgotten; one misstep changes the balance of survival during the apocalypse; a group of seemingly typical travelers are stranded in an airport; a widower's holiday in a seaside town becomes a nightmare . . . The Best Horror of the Year showcases the previous year's best offerings in short fiction horror. This edition includes award-winning and critically acclaimed authors Neil Gaiman, Kelley Armstrong, Stephen Graham Jones, Carmen Maria Machado, and more. This year's collection is a mixed bag. It's hard for me to see how some writers still don't understand that just throwing some creepy elements into a story doesn't necessarily make it a successful one. Many of the endings are just blah, but I'll point out some that are great. "Snow" depicts a viral apocalypse that has something even more horrible behind it. The ending was masterful. "All the Day You'll Have Good Luck" tells a tale of a strange girl who is part of a strange family. The standout, "Fabulous Beasts" is a story so sensual, creepy and over-the-top you won't believe it, and if you are afraid of snakes, you make have to take a pill before you read it. BTW, editor Ellen Datlow is a very nice lady!

great collection, 4.5 rating. I pre-ordered and received a couple of days early i was stoked and immediately began reading my favorite ones were Universal horror- takes place on halloween with a group of friends giving out candy . Fabulous beasts, Snow' gets right to it such a thrill, and the first story of an outbreak were all great id like to see this made into a movie or a novel The writing was great, made some stories more interesting than they really were.

The whole series is absolutely amazing!!

Most of these stories were amazing. They...lingered for days after I finished reading them which is what I look for in my horror.
